Since 1983, G.J. Gardner Homes has built over 36,000 quality and customised homes for families across the globe. With a national reputation as an industry leader for our building journeys and homes, we're proud of the work we've done! Our construction process provides the highest standard of workmanship and customer satisfaction to support our customers during this exciting but often overwhelming journey. That's why each of our qualified builders and subcontractors has been hand-picked for their expertise and their commitment to excellence. It's central to what we believe in: achieving your dream home should be a joyful experience. It's what we proudly refer to as the G.J. Way. The G.J. Way believes that
